No 10 Transferred to the Secretary, P.W.D., for opinion as to whether, having regard to the private rights involved in the matter as stated in the 2nd Council of the difficulty of replanting the trees except by the Revenue authorities, through the wagers, the management of the avenues may be left, for the present at least, continue with the Revenue authorities.

Secretary
Revenue

6th April 1880

Returned with copy of Order already issued by me with regard to replacing from another division which will be done in substitution for those removed. I see no reason to interfere with any Municipal or P.W. Officer undertaking any planting, & watering all that may be done in the same manner hitherto with the additional attention of P.W. Officers where that is attended with difficulties.

Secretary

No 305

Trinkitat District (3)
Deputy Commissioner's Office
Trinkitat 15th March 1889.

801

To

The Secretary to the
Chief Commissioner & Superintendent
Revenue Department.

Sir,

In acknowledging the receipt of the Chief Commissioner's proceedings No 625-626 of 23rd February 1889 I have the honor to inquire whether it is intended that the N.P.P. should plant and water Revenue trees where they do not succeed owing to the destruction of plants during the late famine; for in that case provision for the work in question should have to be commenced as soon as the planting is in, have to be made in the local Annual Budget for 1889-90 now pending before the Chief Commissioner.

2. At the same time I beg to bring

being a matter that the work of replanting by the R. & B. is likely to be rather costly as in a Division District like Cumbum, a Contractor R. & B. will doubtless find great difficulty in planting and watering the trees except at extortionate rates and he would certainly not possess any local interest in the work, the change of charge now directed would involve a large and annually recurring expenditure to Government and do no compensating good to the avenue themselves.

3. I also beg to be favored with instructions as to existing rights of private persons in the trees already planted. In some parts of the District the avenue trees have been planted by private persons and they have been given leases for the maintenance of such trees on the condition that they are liable to replace trees

(5)

trees that perish and that they are entitled to the wood of perishing trees and branches. In some private persons have under the orders of 1883-84 planted trees upon payment by Government of from Rupee ½ to Rupee 1 per each tree but the planters are entitled to the fruit and the wood. And lastly the Ryots of Villages adjoining the road have in some instances planted the trees by their own voluntary and unpaid labor, but on the understanding that they are entitled to the produce and to the wood.

4. Under such circumstances I fear that much inconvenience will be felt in the entire transfer of Avenue trees to the D.P.W. and as the right of Government to them is not unquestioned as shown above, I beg to recommend that the provisions of the A.P.S.

may

may be restricted to the removal of branches which are a positive obstruction to traffic. In this District there has as yet been no instance of the indiscriminate destruction of trees or branches of trees by Revenue Officials, and they must naturally regret to have to part with the charge of the trees in which growth they have taken so much interest and expended so much energy.

I have the honor to be

Sir,

Your most obed<sup>t</sup> servant

Deputy Commissioner

Read.—

Letter from the Secretary,
Truckee District, 1st inst.
to the Board, requesting
whether it is intended that
the D. P. & Virginia Street &
Water Avenue trees where
they do not now exist, and
recommending that the
Directors of the D. P. may
be restricted to the removal
of the Locust trees and
planting Maples in their stead.

D. P. Co. Secretary's note
on the above, dated 5th April
1880.

---

Ordered, that—

Having regard to
the private interests often
involved in the Avenue
trees so stated by the Su-
- perintendent and the diffi-
- culty of getting trees replaced

except through the Revenue
Authorities, no alteration
in existing arrangements
will, for the present, be
made with reference to the
instructions contained in
Proceedings of Board of 23rd February 1880,
No. 626 [illegible] Each officer should
P. W. D may render useful
assistance in bringing to
notice any neglect or injury
to the trees.

2. At its next meeting the Board
to have an account of the
original arrangements to be
made in regard to the planting
of avenues on the several
lines of road, and the future
rights and responsibilities
regarding them, the
Superintendents of the several
Districts are requested to
furnish information in
regard to the cases for

READ—

Chief Commissioner's Proceedings No. 318-26—M62 of the 16th April 1880.

Endorsement by the Secretary, Department Public Works, dated 26th July 1880.

No. 2606-14—MIS. 369, DATED BANGALORE, 2ND AUGUST 1880.

ORDER THEREON.—In Proceedings No. 318-26—62, dated the 16th April 1880, avenue trees planted on the sides of roads were re-placed under the orders of the Revenue authorities as they are best fitted to deal with any private rights involved in the trees, and to arrange for their preservation and re-planting through the agency of the villagers. Matters relating to the planting and watering of the trees, the removal of dead trees and the disposal of the produce, will continue to be dealt with by the Revenue authorities; but as regards the lopping of the trees and the removal of any obstructions to the road, the Chief Commissioner considers that the Officers of the Public Works Department or others who may be in charge of the road are in a better position to carry them out than another officer. They will therefore be responsible for these duties. They should of course bring to the notice of the Revenue Officers any matters requiring their attention in connection with the avenue trees, and the Chief Commissioner believes that with such co-operation on the part of the Officers of both Departments, the proper planting and preservation of avenue trees will be ensured.
